Experience

2021 - Present   **Education Committee Member**   Online, The Netherlands
Utrecht University
As a member of the Education Committee Member (OC), my responsibilities were to look through the changes in the rules and regulations of Utrecht University and provide feedback on them.

2020 - Present   **Education Advisory Committee Member**   Online, The Netherlands
Utrecht University
As a member of the Education Advisory Committee Member (OAC), I reviewed the feedback given by the students on their university courses and searched for common trends between them for each of the courses.

2018 - 2019   **President of Student Association SIT**   Amsterdam, The Netherlands
Amsterdam University of Applied Sciences
My duties as the President of the Student Association were to make sure that the other members of the board were able to do their jobs properly. This included tasks such as: organizing association events, leading board meetings, planning, and assisting other board members with their tasks.

2018   **Translator Ancient Dutch Texts**   Tokyo, Japan
Toyo University
For this job my main task was to translate ancient texts that were written in Dutch to English.

2017 - 2018   **Design Intern**   Haarlem, The Netherlands
Cloud Games
As a design intern, my responsibilities were to design storyboards for playable advertisements and to prepare the provided sprites so the developers could easily implement them.

2016 - 2017   **Vice-President of Student Association SIT**   Amsterdam, The Netherlands
Amsterdam University of Applied Sciences
As the Vice-President of the Student Association, my responsibilities primarily consisted of talking other student associations, organizing events, and creating documents aimed toward making the organization sustainable for the future.

Education

2020 - Present   **Master of Game and Media Technology**   Utrecht University
